We are continuing to work at the intersection of Rabbi Zvi Yehuda St. / Herzl Blvd., to create a level crossing between the red line and the green line of the J-Net network, at the intersection of Rabbi Zvi Yehuda St. and Herzl Blvd. and to connect a branch line of the light rail train to the Givat Shaul industrial area

- The work area will be expanded to include the light rail track at the Rabbi Zvi Yehuda junction and the Kiryat Moshe station. As part of the works, the platforms of the Kiryat Moshe station will be moved about 20 meters to the south
- An alternative solution will be provided to passengers using bus lines 20, 21, 23, 24, 27, 29, the route of which will be extended to the Central Bus Station
- **Temporary public transport lanes will be marked during the above stated period of time.**
 - On Herzl Boulevard to the south, along the section between Kiryat Moshe St. and Wolfson St.
 - On Herzl Blvd. to the north, along the section between Shmuel Bate Street and Yitzhak Rabin Blvd.
 - On Ish Shalom Street to the south, along the section between Farbstein Street and Ha'arazim Street (an additional lane)
- The work will be carried out on Sundays - Thursdays, 24 hours a day and on Fridays, until 14:00.
- Upon completion of the work, the traffic arrangements will be reinstated
- Pedestrian crossings will be enabled at all stages of the work
- It is recommended that drivers use alternative routes and make use of the Waze app.
